A. Finance Committee – Meeting of April 23, 2020

Presentation of information regarding the committee meeting. The committee met to discuss the State of Illinois "Downstate Small Business Stabilization Program." The program, as administered through the Department of Commerce and Economic Opportunity, is designed to provide funds to keep small business, affected by the COVID-19 crisis, in operation or to reopen if closed. Local government has the responsibility to approve applications from small business, with DCEO providing final approval for the dispersal of funds to eligible applicants. The Finance Committee is recommending Jersey County participation in the program, with adoption of an intergovernmental agreement between the County and interested incorporated municipalities in the processing of applications for funding. The County Board Chair also seeks a delegation of authority by the County Board to approve inclusion of Jersey County municipal entities not specifically named in the intergovernmental agreement presented to the Board on April 29, but who express an interest in participating in the program through correspondence to the named parties after the date of adoption of the agreement.
